A tribute
to the finest
in men...

For the masters of their realm...

Belmonte presents 'Belmonte Masters'. An ultra-premium range of suitings and shirtings designed for men who are masters in their own right.

From soft, long cotton to fine, rich wool; from micro geometric patterns to bold checks, the materials, design and finishing of the range reflects the high standards such men set themselves.

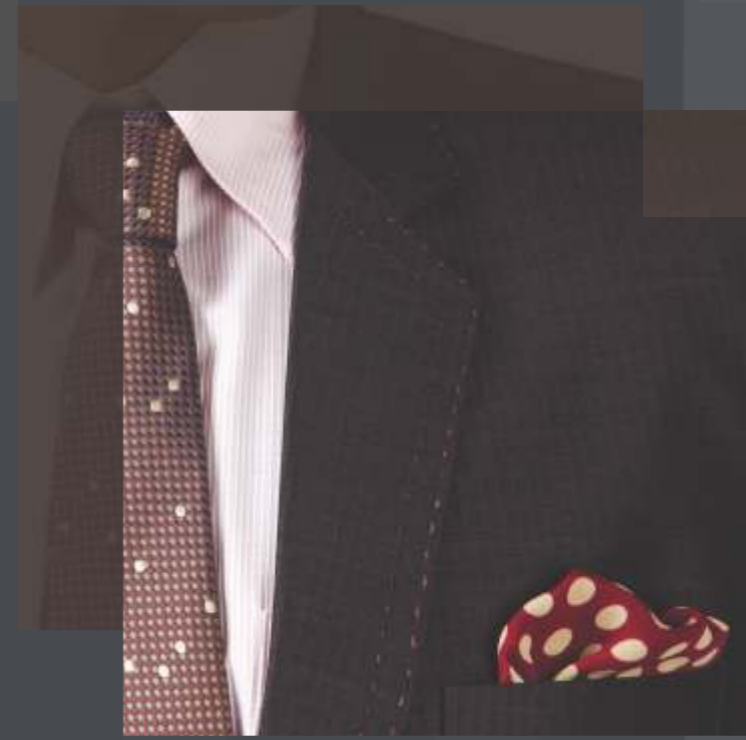

There are many things that go in the making of Belmonte Masters. Some of these are cotton, wool, modal, lycra, linen, structured weaves and pigment dyeing. So that a perfectionist can be assured of the one thing he seeks. Perfection
